ONLY VOSS VALVES REG. U.S. PAT. OFF. CAN DO THAT!

The **WHITE BELT Dairy**
Miami, Florida

September 6, 1947

J. H. H. Voss Co. Inc.,
785 East 144th Street, New York, N. Y.

Dear Sirs:

In 1934 VOSS VALVES were installed in our 10 x 10 York ammonia compressor. This installation proved so satisfactory that we have installed Voss valves in three other machines. To be specific in another 10 x 10; a 9 x 9 and 7½ x 7½. We wish to express our appreciation for the trouble free service and increased production that the installation of your valves have brought about. As we add more machines to our refrigeration equipment they will be equipped with your valves.

Yours very truly,

WHITE BELT DAIRY.

John G. DuPuis, Jr., Manager

JGD:L

INSTALL THEM IN YOUR COMPRESSORS

Replace those inefficient, troublesome valves... get the utmost in economy, efficiency and safety of operation... get better results at lower power cost... get increased capacity... with **VOSS VALVES**.

Let us send you sketches and estimates
